### **REASONS FOR ALLOWANCE**

1. Claims 1-21 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claim 1 is allowable over the prior art for at least the reason that the prior art fails to teach or reasonably suggest, "so as to cause the images to be formed under various focus conditions from a plurality of different object planes" as set forth in the claimed combination. Claims 2-8, 10-12, 20 and 21 are also allowable based upon their dependence on claim 1.

Claim 13 is allowable over the prior art for at least the reason that the prior art fails to teach or reasonably suggest, "for forming images on a plurality of image planes, from said plurality of object planes". Claim 14 is allowable based upon its dependence on claim 13.

Claim 15 is allowable over the prior art for at least the reason that the prior art fails to teach or reasonably suggest, "for producing substantially infocus images in a common image plane, from a plurality of object planes" as set forth in the claimed combination. Claims 16-18 are also allowable based upon their dependence on claim 15.

Claims 9 and 19 are allowable based upon reasons provided in previous office actions.

The prior art of record, Kubo teaches an apparatus for producing a plurality of spatially separated images from an object plane wherein the apparatus comprises, an optical system to produce an image associated with a first focus condition, a diffraction

Art Unit: 2872

grating arranged to produce in concert with the optical system, images associated with each diffraction order, and means for detecting the images wherein the optical system, diffraction grating and detecting means are located on an optical axis and the diffraction grating is located in a suitable grating plane. However, the prior art does not teach that the apparatus produces a plurality of spatially separated images from a plurality of object planes and there is no motivation or teaching to modify this difference as derived.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
